Piano Men: Generations - Thursday, October 1, 2026

This is not just a concert — it's a high-octane, emotionally charged musical journey led by a father-son duo and a world-class band that takes audiences on a ride you won't forget. Bonded by blood and a deep love for the music of Billy Joel and Elton John, their on-stage chemistry is genuine, spontaneous, and moving—sometimes funny, always magnetic. Elevating the show is the live band — an electrifying ensemble of elite musicians who are stars in their own right. Guitar solos soar, bass lines groove, and the rhythm section drives the performance with precision. From the first chord to the final encore, the show is a rollercoaster of iconic hits, delivered with authenticity, showmanship, and a deep sense of legacy. Whether you grew up on the vinyl of the '70s or are discovering this music for the first time, you'll be hit where it matters — in the soul.
